We recognise that our social, economic and environmental responsibilities to these stakeholders are integral to our business. We aim to demonstrate these responsibilities through our actions and within our corporate policies.

We shall be open and honest in communicating our strategies, targets, performance and governance to our customers, employees and suppliers, by our continual commitment to sustainable development.

We shall strive to improve our environmental performance through implementation of our Environmental policies.

We shall ensure a high level of business performance while minimising and effectively managing risk. We shall encourage dialogue with local communities for mutual benefit. We will register and resolve customer complaints in accordance with our published Customer Service Policy. We shall support and encourage our employees to help local community organisations and activities in our region including sponsorship and charitable activities.

We shall operate an equal opportunities policy for all present and potential future employees. We will offer our employees clear and fair terms of employment and provide resources to enable their continual development. We shall maintain a clear and fair employee remuneration policy and shall maintain forums for employee consultation and business involvement.

We shall provide safeguards to ensure that all employees are treated with respect and without sexual, physical or mental harassment.

We shall provide, and strive to maintain, a clean, healthy and safe working environment. We shall uphold the values of honesty, partnership and fairness in our relationships with stakeholders.
